

Auliya Raka Pratama

Lead Frontend Engineer

Bandung, Indonesia (GMT+7) · mgf.prauliyatama@gmail.com · github.com/tamagossi · linkedin.com/in/tamagossi

Lead Frontend Engineer with 7+ years of progressive experience across React, Next.js, TypeScript, and Node.js. Reduced build times by 60%, established design systems from scratch, drove DDD migrations, and mentored engineers to senior-level productivity. Seeking remote Front-End or Full-Stack roles with a global team.

EXPERIENCE

Chapter Lead 2024 – Present

Staffinc — Bandung, Indonesia

- Lead 12-engineer frontend team across 3 product squads. Architected Ventura UI design system adopted by all squads.
- Reduced build time by 60% (15+ min → 6 min) via Next.js migration and code standards.
- Decreased bug regression rate from 100%+ to 70% through PR review standards and testing culture.
- Established documentation dashboard and Copilot commands for automated PR workflows.

Front-End Software Engineer 2020 – 2024

Staffinc — Bandung, Indonesia

- Created design system and monorepo architecture for recruitment and admin portals across 3 developers.
- Migrated Client Portal from atomic design to domain-driven design with planned component architecture.
- Achieved 72% test coverage by initiating unit testing from scratch across all projects.

Front-End Engineer (Part-time) 2025 – 2026

EduLab Indonesia — Remote

- Optimized website performance — reduced network calls from 3-5 per page to 1-2.
- Created consistent design system and refactored codebase for better maintainability.

Technical Leader 2019 – 2020

Smooets Technology — Bandung, Indonesia

- Mentored 3 fresh graduate developers to productivity in 3 months across 4 front-end and back-end projects.
- Led 3 teams (PM + developer each) using Angular, React, and Node.js.

SKILLS

Languages: TypeScript, JavaScript, Dart, Golang, HTML/CSS **Frameworks:** React, Next.js, Vue, Nuxt, React Native, Flutter, Node.js
Styling: TailwindCSS, Chakra UI, AntDesign **Data:** PostgreSQL, REST APIs, OpenAI API **Tooling:** Git, Docker, Turborepo/Nx, Playwright
Practices: TDD, DDD, Design Systems, PR Review, Mentoring

EDUCATION

Associate Degree in Informatic Engineering — Bandung State Polytechnic, Indonesia (2015–2018)
7+ years of progressive engineering experience including Chapter Lead — practical leadership and architecture skills that exceed what a degree signals.
